Section: Why ConeqtX

The Future of Trading Education & Technology

ConeqtX was built to bridge the gap between education and execution.

Most traders struggle because they lack:

- Structure
- Guidance
- Consistency

- Community
- Professional tools

ConeqtX solves that by combining world-class education with powerful trading technology and a global network of traders all in one ecosystem.

Our mission is simple:

Help everyday people learn high-income trading skills through technology, education, and community.

Section: Platform Features

Everything You Need To Become A Smarter Trader

Tap to Trade™

Simplified Trade Execution

Our Tap to Trade technology allows users to receive trade ideas and seamlessly execute them with speed and simplicity.

Features include:

- Real-time trade opportunities
- Easy execution process
- Forex, crypto, indices, and futures support
- Beginner-friendly experience
- Mobile optimized trading access

Trade smarter. Move faster. Eliminate confusion.

ConeqtX Academy

Learn From Beginner to Advanced

The Academy provides structured education for traders at every level.

Inside the Academy:

- Forex fundamentals
- Crypto market education
- Futures trading strategies
- Technical analysis
- Risk management
- Trading psychology
- Market structure
- Scalping, swing trading & more

Learn at your own pace with powerful step-by-step training.

Advanced Scanners

Find High-Probability Opportunities Faster

Our proprietary scanners help traders identify potential market opportunities across multiple asset classes.

Scanner capabilities include:

- Trend identification
- Momentum detection
- Market structure analysis
- Entry confirmations
- Multi-timeframe analysis
- Smart market filtering

Designed to help reduce emotional trading and improve decision-making.

Live Education

Learn Directly From Experienced Educators

Get access to live sessions hosted by experienced traders covering:

- Live market analysis
- Trading strategies
- Market breakdowns
- Psychology & discipline
- Risk management
- Q&A sessions

Trade alongside a community committed to growth and consistency.

Trade Alerts

Stay Connected to the Markets

Receive real-time market insights and trade alerts directly from experienced educators and analysts.

Alerts may include:

- Forex opportunities
- Crypto setups
- Futures trade ideas
- Indices analysis
- Market updates
- Entry and exit zones

Stay informed wherever you are.
